Hi Vivien

There are several attachments here.

1. The figures you requested
2. A more elegant version of table 3 (the numbers are the same)
3. A slightly revised manuscript (a new version of table 2, I had not added Ns before, plus we spotted a couple of typos in it; some more changes in the conclusion precipitated by your request to put in headings, but going a little beyond that in strengths/limitations).
4. Appendix 1

Cheers

Jon

*Dear Professor Jureidini*

*I've been checking the document and it is mostly there - I wondered whether you could pass on the current versions of the 2 figures, for completeness? Then I can pass on all the files as a complete batch with the drafts and web appendix.*

*Many thanks and best wishes*
