Dear Prof. Jureidini:

Manuscript ID BMJ.2014.022376.R3 entitled "Restoring Study 329: A randomised, controlled trial of the efficacy and harms of paroxetine and imipramine in the treatment of adolescent major depression" which you submitted to BMJ,

I am issuing a decision letter on this version of your paper so that you can submit the new version!

Decision: We are pleased to say that we would like to publish it in the BMJ as long you are willing and able to revise it as we suggest in the report below from the manuscript meeting: we are provisionally offering acceptance but will make the final decision when we see the revised version.

Deadline: Because we are trying to facilitate timely publication of manuscripts submitted to BMJ, your revised manuscript should be submitted by one month from today's date. If it is not possible for you to submit your revision by this date, we may have to consider your paper as a new submission.
